GLASS ROD REFLECTING & AMPLIFYING CANDLE HOLDERS

Glass rod reflecting & amplifying candle holders

Model: MI 440

An unusual and delightful way to have candles at home in safety.

The glass columnar rods reflect the candle light and flicker gently. The effect is truly magical, and they make a wonderful centrepiece for a special dinner party. The candle holders are large enough to have 1 or 2 large candles or a good number of smaller ones to give more scintillating points.

The base and top are polished stainless steel.

Dimensions (mm): 270 Diameter x 285 h (small) 325 h (medium) and 405 h (large)
