THE CLASSIC WHATNOT

Model: CB NA

The Classic Whatnot is a copy of an English original, probably inspired by the French etagère. Three tiers of shelves are supported by a small cabinet with 2 cupboard doors plus a drawer for storage.

This one has scrolled tops with turned and ebonised paterae. The strong vertical element makes a stunning focus either side of a chimney breast, or for example beside a bed with a tall headboard.

PRODUCT DESCRIPTION

Model: CB NA

The Classic Whatnot is a copy of an English original. This in turn was probably inspired by the very practical French etagère.

Three tiers of shelves are set on a small cabinet with 2 cupboard doors plus a drawer for storage.

The Classic Whatnot makes a stunning focus either side of a chimney breast as a result of the strong vertical element. It can also be an inspired choice, for example, beside a bed with a tall headboard.
