2 DRAWER SIDE TABLE MODEL CB-083

2 drawer side table or bedside table
model CB 083 "Julia"

Looks simple, doesn't it?

Have a quick look at the details and ask how did they do that curve to the drawer fronts? Why don't you see that anywhere else? How can they do that same curve to the top? The answer is because it is too difficult to produce cheaply.

Finish: Hi-gloss transparent black which shows the wood below, with nickel plated feet and ring handles.
