SMALL OPENING WRITING DESK TA-150

Small Opening Writing Desk

Model : TA-150 small writing desk

This lovely little desk has a lift up top, and as it lifts the writing surface slides forward for comfortable use.

It is the perfect size to tuck in away from the hub-bub.

The interior is equipped with pigeon holes for handy storage of stationery, pens and more. The leather lined writing surface has a mottled finish, and it has double tooled borders as well as a tooled central motif.

The legs are delicately shaped with elegant curves and an additional bonus are the slightly turned-out feet to finish it off.

When not in use it also is a very handy and attractive little side table.

Dimension (mm) : W 730 D 430 H 780

Finish: polished mahogany, with slight antiquing.

PRODUCT DESCRIPTION

Small Opening Writing Desk

Model TA 150

This lovely little desk has a lift up top, and as it lifts it causes the writing surface to slide forward effortlessly for comfortable use.

The interior is equipped with pigeon holes for storing all your stationery, pens and more. The leather lined writing surface has a mottled finish, and has double tooled borders as well as a central motif.

It is the perfect size to tuck in away from the hub-bub.

The slender and elegant legs are delicately shaped, with those curves echoed in the stretchers. An additional bonus are the slightly turned-out feet, where other makers would have "cut the corners", resulting in a much more ordinary look.

When not in use, the small Opening Writing Desk becomes a very handy and attractive little side table.

Dimension (mm) : W 730 D 430 H 780
