

The Classic Chair Company
London

SIDEBOARD

The Classic Chairs sideboard is a really practical, sturdy and commodious cabinet that is ideal for storage of china, glassware, wine etc. The door panels and top are of wood especially selected for grain, and like the rest of the sideboard, are all solid wood. The recessed, turned, tapered and reeded columns, while difficult to make, show the attention to detail that typifies Classic Chairs' high quality cabinet making. The sideboard can also be supplied with brass or silver grilles and pleated silk panels in any color (see our Chiffonier, Model CH).

Model : CB-LD

Dimensions (cm) : w226 d60 h88

Materials : Rosewood & Mahogany Veneer

Finished : Hand Polish
