HARMER'S SOFA 2 SEAT

Harmer's sofa 2 seat

Double the comfort.

The Harmer sofa is truly a classic. Comfortable, and elegant, it is equally at home in a period or contemporary interior, and also comes in single, as well as 2 and 3 seat versions. In addition, custom lengths can be made to your requirements.

Harmer's sofa 2 seat features the ebonised detailing to the polished sabre legs, and Harmer's signature hoofed foot.

This sofa was awarded for the best design at London's Decorex exhibition.

Upholstered in the best traditional manner with an extravagant feather cushion seat or close covered, the Classic Chairs model is extremely comfortable and very stylish.

Historical note: B. Harmer is a largely unknown maker of the English Georgian period, little known even to furniture historians. He is principally remembered for the magnificent Drawing Room Suite for Powderham Castle.

The Classic Chair Company
