CLASSIC 6 DRAWER LIBRARY TABLE

From a very valuable original writing table attributed to Gillows, the Classic Chairs' team of cabinet-makers have recreated an exact copy of this fine example of an early Regency table - the original dates from circa 1805 - 1810. From the cross-banded edges with ebony stringing and the cockbeaded drawers - all dovetailed - to the finely reeded and tapered legs, the detailed cabinet making is a precise copy of the original. Connoisseurs of furniture will appreciate the difficulty of making the outstanding legs that give the added style and form to a rectangular library table top.

Model : TA-KWY

Dimensions (cm) : w172 d92 h76

Materials : Rosewood and with leather on top.

Finished : Hand Polish
